## NATIONAL SERVICE SCHEME (NSS)

The National Service Scheme (NSS) was officially started in the year 1969, to establish a meaningful linkage between the campus and the community. The vision is to build the youth with the mind and spirit to serve the society and work for the uplift of our country as a movement.

- Social services are a range of public services provided by any national or regional government organization for its residents, including such things as health care, public housing, social care and social security.
- According to Web definition, it is an organized activity to improve the condition of disadvantaged people in society.
- According to Merriam Webster, „Social service is an activity designated to promote social well-being specifically organized Philanthropic assistance to disadvantaged“.

After independence the University Grants Commission, headed by S. Radhakrishnan, recommended the introduction of voluntary national service in academic institutions. This idea was again considered by the Central Advisory Board of Education (CABE) at its meeting in January, 1950. Mahatma Gandhi, the Father of the Nation, had recognised that the country could not progress in a desired direction until the student youth were motivated to work for the upliftment of the villages/community. For Gandhiji, the villages, where majority of the population living, represent the country. Therefore, for the national reconstruction and national resurgence it was deemed fit that the students and teachers should be properly sensitised and utilised for strengthening the Indian society as a whole with particular emphasis on rural community. Therefore, student youth,

teachers and the community are considered as the three basic components of the National Service Scheme. After examining the idea and the experiences of other countries in this field, the board recommended that students and teachers should devote time to voluntary manual work. In 1958 Jawaharlal Nehru, in a letter to the chief ministers, considered the idea of social service as a prerequisite for graduation. It was directed the Ministry of Education to formulate a suitable scheme for the introduction of national service into academic institutions. The Education Commission (headed by D.S. Kothari from 1964–1966) recommended that students at every stage of education should be associated with some form of social service. In a government statement of national policy on education, it was stated that work experience and national service should be an integral part of education. The National Service Scheme has been functioning with the motto “NOT ME BUT YOU” in view of making the youth inspired in service of the people and hence NSS Aims Education through Community Service through Education.

Social services are a range of public services provided by any national or regional government organization for its residents, including such things as health care, public housing, social care and social security. According to Web definition, it is an organized activity to improve the condition of disadvantaged people in society. We stay true to our mission by realigning our wide-ranging roles with five new strategic thrusts to better meet tomorrow’s social needs. Expanding on our responsibilities as a membership body, we strive to be the voice of the sector and an advocate for underserved needs. We enhance social services, pioneer innovative programs, improve service delivery and efficacy, and increase corporate and community engagement to match capabilities and needs. Our multidirectional efforts to raise capabilities, mobilize resources and provide funding to scale up the sector’s competencies have a key goal in mind – assisting our members to create lasting positive impact. Therefore,

for the national reconstruction and national resurgence it was deemed fit that the students and teachers should be properly sensitized and utilized for strengthening the Indian society as a whole with particular emphasis on rural community. Therefore, student youth, teachers and the community are considered as the three basic components of the National Service Scheme.

**Vision:**The vision is to build the youth with the mind and spirit to serve the society and work for the uplift of our country as a movement.

**Purpose:**To ensure that every person has the opportunity to live a life of dignity to his or her fullest potential within society.

**Mission:**To provide leadership and direction in social services, enhance the capabilities of social service organizations, and promote strategic partnerships for social services. The National Service Scheme has been functioning with the motto “NOT ME BUT YOU” in view of making the youth inspired in service of the people and hence NSS Aims Education through Community Service through Education.

**Objectives of NSS:**

- To develop confidence for self-education for lifelong learning of advancements being happened around the world.
- To understand the community in which they work
- To understand themselves in relation to their community
- Identify the basic needs and problems of the community
- Develop among themselves a sense of civic responsibility
- Develop competence required for group living and responsibilities
- Gain skills in mobilizing community participation
- To acquire leadership quality
- To develop capacity to meet emergencies
- Practice national integration and social harmony.
- To exhibit the professional knowledge and accepting ethical responsibility to the problems of industry and society.
- To develop professional, ethical attitude, team building skills and multi-disciplinary approach to demonstrate the ideal behavioral qualities while leading the team for deriving maximum productivity.
- To develop consciousness in the issue of social concerns and enabling students to upgrade their personality and experience through community services to have a meaningful linkage between the Institution and Society

## NSS SYMBOL

The **EIGHT BARS IN THE WHEEL** represent the **24 Hours of a day**.

The **RED** colour indicates, active, energetic and full of high spirit.

The **NAVY BLUE** colour indicates the cosmos of which the NSS is, tiny part, ready to contribute its share for the welfare of the mankind.

**Core Values** **PASSION** We are driven to help make a difference in the lives of the people we serve. **PEOPLE** We enable the people we serve, our volunteers and staff to realize their fullest potential. **PRODUCTIVITY** We pursue excellence through continuous learning and improvement. **PARTNERSHIP** We engage in „win-win“ partnerships always for the benefit of the people we serve.

### Why Technical Persons Intended to do Social Service?

- In any developmental work people are the most important stakeholders. It is so because of the fact that all developments need to help some targeted population, be it in the realm of health, education, water supply, drainage/sewerage or any other engineering facts.
- Engineers per say one of the major couriers right from the post-independence era.
- Growing influence of globalization and participation of all the development stakeholders has been more pronounced.
- In any kind of developmental process, careful and specific planning to help the stakeholders both from the angle of participation and implementation.
- Today with the rapid advancement of ICT, this need has become manifold. The actual implementers need to know both the environment and population in a holistic manner.

- In today's world, this is most important because the executors must learn to know and analyze the actual ground reality from a better return to the society.

**Typical NSS projects which are conducted within college Campus are as follows:**

1. Tree plantation
2. Plastics eradication from college campus
3. Literacy classes
4. AIDS Campaigning Workshop

**The students of Narula Institute of Technology are also involving in different types of social work such as**

- To plant trees inside college campus and their home.
- Making Fast aid box
- Making different things using waste material- Waste management.
- Designing flex for laboratory.
- Writing moral & great people stories and making different posters regarding awareness of Anti-Smoking, Anti-Ragging, Global Warming, Anti-Dowry etc.
- Modeling of Thermal Power Plant.
- Surveying nearest slum area & preparing a report of their educational and social status:
  - How many people of the area are primary educated or doing higher studies?
  - How many of them are suffering from fatal & acute disease?
  - Number of members in each family & so on.
- All these activities are done in a group. Every group has group leader & progression of work is informed by the group leader.

## WORLD DAY AGAINST CHILD LABOUR

NIT, AGARPARA | JUNE 12, 2022

Objective of the Event: To aware the people against child labour

Number of Participant: 87

Description of the program:

The students of Narula Institute of Technology celebrated the World Day against Child Labor on 12th June, 2022 under the NSS unit. The International Labor Organization (ILO) started observing World Day against Child Labor in 2002 with an aim to highlight the plight of children who are the victims of child labor. The day serves as a catalyst to take forward the global movement against the practice. The theme for this year is *"Universal Social Protection to End Child Labor"*.

The students spread the awareness by preparing posters to stop child labor. They requested people to stop the cruel system as it deprives children from their childhood, their potential and their dignity and that is harmful to physical and mental health". Their main aim was to educate people and ask them to Stop Child Labor, Protect the right of children, educate them, and support them. They also tried to spread joy by chocolates and snacks to the child laborers to bring smiles to their faces.

😊 A child's childhood is for learning, don't use their childhood for earning.

😊 Children are supposed to be going to school; they don't look good with a hand full of tools.

😊 They fought against the prior violence of child labor and starvation wages

😊 Labor experts and activists say child labor is an outgrowth of profound poverty, entrenched cultural habits and decades of government neglect

## SURVEY ON HOUSEHOLD WASTE MANAGEMENT

NIT, AGARPARA | JUNE 9, 2022

Objective of the Event: To aware the people about the household waste management

Number of Participant: 37

Description of the program:

We must do our part for our environment; now more than ever. Why? Because India generates over 60 million tons of garbage daily, of which 75% is untreated and dumped in landfills, according to a report, the cities contribute to this more than the rural areas. The answer to how can we reduce waste at home is by practicing waste management at home.

We can make small changes in our home which can lead to a big impact. There are simple ways in which waste can be efficiently managed at home.

1. Limit the use of plastic
2. Segregate the waste
3. Reduce the use of paper
4. Say yes to composting
5. Plan your meals in advance
6. Invest in good-quality clothes
7. Pay your bills online

As like as every year the NSS unit of Narula Institute of Technology spread his hand for the sake of the society. On 9<sup>th</sup> June the students of Narula Institute of Technology took the responsibility to care the society. They went door to door of the people to survey the waste management procedure in their area and suggested the people the household waste management procedure.

Output of the Program: Students are happy by doing this survey and the local people are also happy.

# CELEBRATION OF YOUTH DAY

NIT, AGARPARA | JANUARY 12, 2022

**Objective of the Program:** Motivate the students to help the society

**Number of Participant:** 27

**Description of the Program:**

On the occasion of Swami Vivekananda's 158th birth anniversary, students of Narula Institute of Technology, Agarpara celebrated "National Youth Day" with students of a suburban NGO.

"Swami Vivekananda always said that youth is the best time and the way in which you utilize your time will decide the coming years that lie ahead of you". To share this message, we decided to visit students of an NGO.

The collegians narrated the life of Swami Vivekananda as a child, student and a monk to the students.

Our aim was to highlight the values of Swamiji which he depicts in his stories. The children learnt how to "face the brutes" i.e to overcome their fears and inhibitions, to speak the truth always and be courageous to do the same, to multi-task, utilize time wisely and be alert of your surroundings, to respect your elders, and help the ones who actually are in dire need of help. In addition, we also shared how Swamiji made an impact at the Parliament of World Religions in Chicago and his famous speech. Lastly, the children and college students placed candles near Swamiji's photograph as a mark of remembrance on his 158th birth anniversary.

### Posters made by students
