

Annexure 3-c

Narula Institute of Technology

TEQIP Phase-II, subcomponent 1.1

NOTE SHEET

Date: 20-12-2012

Narula Institute of Technology will be organizing the following activities with an eye to enhance employability of Under- Graduates Engineering graduates under the aegis of Finishing School:-

- I. To conduct specialized soft skill training by Visiting Faculties of our institution (for students of 3rd year onwards). It has been decided that such students will be selected on the following basis:-
 - At the beginning of the training programme, an online assessment will be conducted for all participating students for finding out different levels and areas of deficiencies amongst them.
 - Groups, containing approximately 40 students each, will be formed depending upon the measured deficiencies noted by the assessment test.
 - Each group will be provided with a training of 42 contact hours inside the Institute premises keeping necessary learning resources available for the purpose.

The Curriculum and remuneration for the same is attached as **Annexure-A**.

- II. To conduct professional skill development training during semester-breaks and vacations (students of 3rd semester onwards) for increasing employability. Rigorous laboratory training is to be done by two Technical staff of NIT under the guidance of one experienced Faculty in order to elevate the professional skills of the students.

Appropriate authority may kindly approve for the proposal to enable us to take further action in this regard.

Prof. (Dr.) J.K. Das
Principal, NIT; Chairman ITU
