102	Maximum power transfer occurs at efficiency of a) 100%.	1	EE301.2	b

Direct Upload

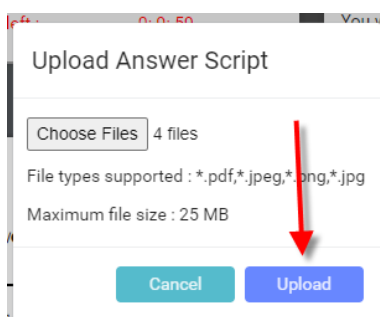

- 1) Students can click on the “Upload Written Exam button” to select file/files (Right side of PC browser and bottom of Mobile Browser).

- 2) Students can use a scanner or Mobile apps such as Adobe Scan or Cam Scanner to digitize their answer scripts into PDF form in the right order. **While scanning the written answer scripts, please scan the Top sheet with your details as the first image followed by your written answer sheets.**
- 3) In the pop up, click on “Choose files” and select the files to be uploaded from the PC. **The system will accept only PDF files, JPEG, JPG and PNG Files up to a maximum size of 25 Mb. We recommend uploading a PDF file to avoid any hassle in ordering multiple images.**

- 4) Once the file/files have been selected, click on the “Upload” button to upload the files.

- 5) Once the files have been uploaded, they will appear on the preview window (Right side of PC browser and Bottom of mobile Browser). You will have the option to change the uploaded files by clicking on the “Change file” button.

The screenshot shows the MindlogicX University interface. On the left, there are navigation options: Dashboard, Course, Result, and Help. The main area is titled 'Written Exam Name : etttestexam8'. It is divided into two panels. The left panel, labeled 'Questions', contains several chemical reactions:

- (i) CC(=O)OC1CCCCC1 >>
- (ii) C=C1C=CC=CC=C1 + H2O >>[H+]
- (iii) OC(=O)C1=CC=CC=C1 + HI >>

 Below these, it asks to 'Write the structures of the main products in the following reactions :'.

- (i) CC(=O)OC1CCCCC1 >>[NaBH4]
- (ii) C=C1C=CC=CC=C1 + H2O >>[H+]
- (iii) OC(=O)C1=CC=CC=C1 + HI >>

 The right panel, labeled 'Preview', shows a handwritten answer script. A red arrow points to the 'Change File' button in the top right corner of the preview window. The script includes:

- Answers to the reactions.
- A section titled 'E] Responsible' with points:
 - He should also be loyal to the organization.
 - He should show his responsibilities towards the organization.
 - He should also show some respect towards the employees.
 - He should not even listen with any other manager of other organization and disturb the confidential matters of the organization.
- A 'Conclusion' section: 'The manager should be a abundant player so that he can achieve the objectives of the org.'

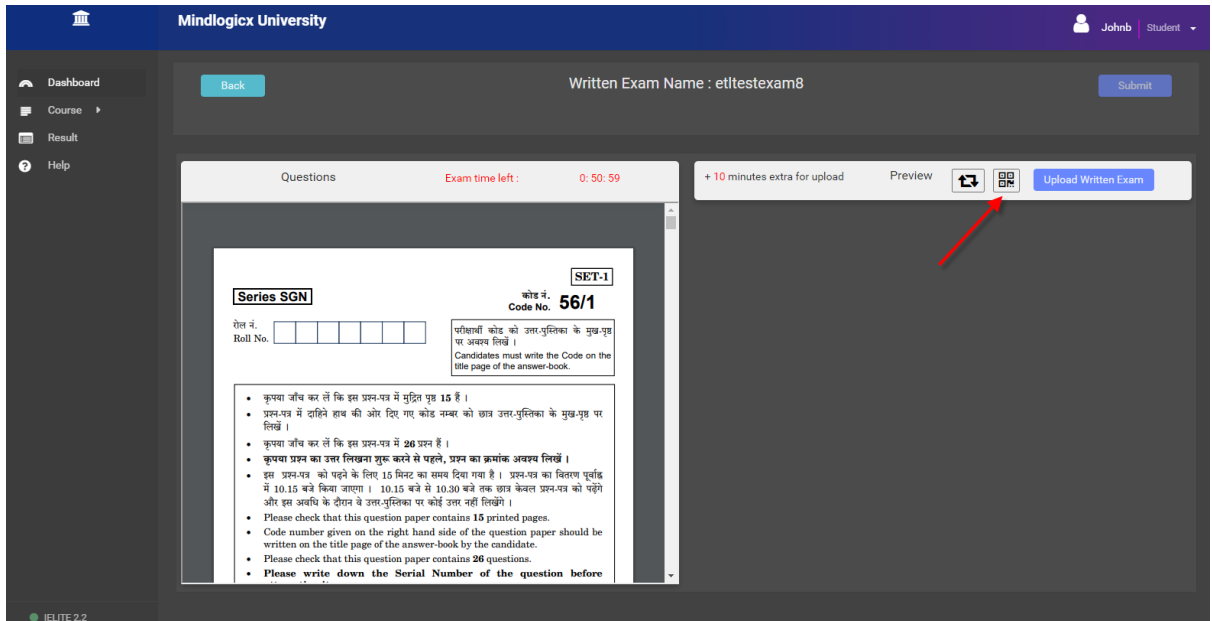

- 6) Once you're satisfied with the uploaded files, click on the “Submit” button to finalize your answer scripts. **Please note that if you do not submit your answer script, the last uploaded file/files will be automatically submitted at the end of the upload time.**

This screenshot is identical to the previous one, showing the same chemical questions and handwritten answer script. However, a red arrow now points to the 'Submit' button in the top right corner of the interface, indicating the final step of the process.

QR Based Image Upload

- 1) Student can take pictures of every page of the written answer script on their phone. **While scanning the written answer scripts, please scan the Top sheet with your details as the first image followed by your written answer sheets.**

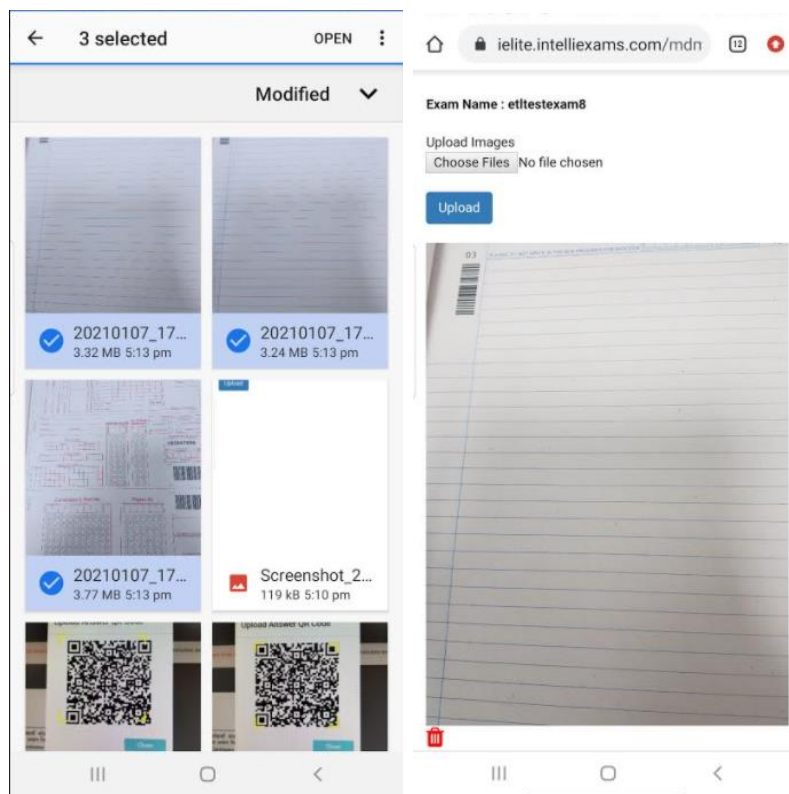

- 2) On the Webpage, students can click on the QR symbol next to the “Upload Written Exam” button. This will launch a popup with a QR Code.

- 3) This QR should be scanned with the mobile phone camera, which will redirect you to the Answer script upload. The student can also use any QR code scanner application to scan the QR Code.
- 4) Scanning QR code will redirect you to the following page.

- Click on the "Choose Files" button.
- After selecting all the images to be uploaded in the right order, click on "Upload" to upload the images.

- Once they have been successfully uploaded, they can be previewed on the webpage by clicking on the refresh symbol next to the QR Code.
- Once you're satisfied with the uploaded files, click on the "Submit" button to finalize your answer scripts. **Please note that if you do not submit your answer script, the last uploaded file/files will be automatically submitted at the end of the upload time.**

The screenshot displays the MindlogicX University exam interface. At the top, it shows 'MindlogicX University', 'Data added Successfully', and user information 'Johna Student'. The exam name is 'Written Exam Name : etltestexam8'. A 'Submit' button is highlighted with a red arrow. The main area is split into two panels: 'Questions' and 'Preview'. The 'Questions' panel shows three chemical reactions:

- C1CCCCC1C(=O)OC →
- C1=CC=C(C=C1)C=C + $H_2O \xrightarrow{H^+}$
- CCOC1=CC=CC=C1 + $HI \rightarrow$

 Below these, it asks to 'Write the structures of the main products in the following reactions':

- C1CCCCC1C(=O)OC + $NaBH_4 \rightarrow$
- C1=CC=C(C=C1)C=C + $H_2O \xrightarrow{H^+}$
- CCOC1=CC=CC=C1 + $HI \rightarrow$

 The 'Preview' panel shows a handwritten answer on lined paper. It discusses organizational loyalty and responsibility.

→ He should also be loyal to the organization.

E] Responsible
→ He should show his responsibilities towards the organization.
→ He should also show some responsibilities towards the employees.
→ He should not mix liaison with any other manager of other organization and disturb the confidential nature of the organization.

Conclusion: The manager should be like a player so that he can achieve the objectives of the org.
